

COURSES AT THE LANGUAGE CENTRE – UNIVERSITY OF BASEL

The Language Centre at the University of Basel offers the following courses:

- **Intensive courses** (approximately 18 – 24 lessons during the last three weeks of semester breaks)
- **Semester courses** (usually two lessons a week, or as block courses).

Once you are accepted as an exchange student at the University of Basel, you can register online for our language courses at <http://sprachzentrum.unibas.ch> → *course programme*. Please note the registration deadlines.

German courses (German as a foreign language)

The Mobility Office will reimburse students in a University of Basel mobility programme for **one** German course on any level on condition that the student fulfils the attendance requirements. Such reimbursement will follow after completion of the course. For the **Summer Intensive Programme in German as a foreign language**, participants should contact the Mobility Office regarding possible partial reimbursement.

Other language courses

As an exchange student you can register for any of the other language courses on offer. For these courses participants have to pay a fee. The fee for each course is stipulated in the course description.

Placement test

To ensure that you can join a course at an appropriate level as soon as you arrive, you should take an **online placement test** well before moving to Basel. To start the placement test online, please follow this link: <http://dialangweb.lancaster.ac.uk/>. It is strongly recommended to use the Chrome web browser. When you register online for a course, **please enter all your test results**. Once you arrive in Basel, please come to the Language Centre as soon as possible so that we can arrange oral placement interviews where needed.

Should you need any assistance or information, do not hesitate to contact us.
